

# Western Riverside County Clean Cities Coalition Membership

## Our Mission:

The governments of western Riverside County will take leadership roles in this Clean Cities Coalition, coordinating efforts between government and industry to recognize the value of partnership in achieving air quality, energy efficiency, economic development, and transportation goals, while advancing the clean air and energy efficiency goals of the national Clean Cities program.

## WRCCCC Program Goals:

- Improve air quality through increased use of alternative fuels and public transit;
- Identify funding opportunities for AFV purchases;
- Promote AFV infrastructure & educational programs;
- Accelerate technology advancement of AFVs;
- Promote energy efficiency;
- Assure program growth via marketing, recruitment and coordination with other Clean Cities Coalitions.

<u>Membership</u>	<u>Dues</u>
